

Cupcake Fanwheel

Take a piece of A4 paper and fold it in half 3 times and then open it back up.

Cut out each rectangle, fold them into fan shapes and then in half, you will need three rectangles for each fan.

Place a cocktail stick inside the fold and then fix with glue. Then fix the edges of fans together with glue to create a circle.

Once dried insert into your cupcake.

We can't wait to see your picnics and creations!
Don't forget to share your snaps throughout the day by tagging us on social media.
